Eagle-2000-APT Gate Operators for High Traffic Slide Gates to 50 ft. and 2,500 lbs

Apartment buildings, gated communities, industrial sites—anywhere there are big gates and a lot of traffic, Eagle-2000-APT is the best operator for the job.

The Eagle-APT series of operators is designed and built for the busiest sites delivering the rugged, durable power you need for these demanding applications.

Installation is made simple with the advanced features you most often need standard on every operator. Features like Stop-Reverse, allowing your transmitter to work like a 3-button station or Motor Brake for added control on downhill applications.

Master/Slave operation has never been easier. Just two wires provide full communication and Global Inputs between the master and slave operators. Connect any accessories to either the master or slave and the Diamond Control Board does the rest.

Install Eagle-2000-APT for reliable power.
